WORK EXPERIENCE

Lexlance

Frontend Developer

Oct 2024 - Present

- Developed responsive user interfaces using React, SCSS, and CSS Modules, integrating RESTful APIs to enhance functionality and user experience.
- Integrated the Paystack payment gateway to facilitate secure and efficient payment processing on the platform, enhancing user transaction experiences.

FirstClass People International

Program Manager

Jan 2024 - Sep 2024

- Collaborated with school staff and board directors to identify needs and develop strategies to address them effectively
- Manage a team of 19 staff members, providing guidance, support, and professional development opportunities and training to ensure the successful execution of all programs

HNGx

Frontend Developer

Sep 2023 - Nov 2023

- Worked with a team of designers and developers to create the Zuri portfolio app. Implemented a fully functional and responsive component of Zuri Portfolio and meticulously addressed API integration intricacies, identifying and rectifying UX errors, and ultimately refining the user experience to perfection.
- Built a Chrome Extension plugin that can record a user's screen and send the recorded content to a specific online location (endpoint).

Heyfood Africa

Frontend Developer

Oct 2022 - Mar 2023

- Implemented location maps API into projects that allow users to locate riders from each point during deliveries.
- Implemented side navigation bar that shows user profile, sign-out page, and links to download apps on Play Store and App Store.

Heyfood Africa

Operations Associate

Jul 2022 - Oct 2022

- Successfully reduced the average acceptance and preparation time by 44% significantly impacting the overall delivery average.
- Worked closely with the engineering team to identify and address operational issues and create effective solutions.
- Maintained a strict focus on timeliness and accuracy, consistently delivering orders within 30 minutes or less while upholding the highest standards of quality.

PROJECTS

ZuriPortfolio *NextJs, Typescript, PRISMA*

<https://zuriportfolio.vercel.app>

Zuri Portfolio shows you with the brightest and most creative talents from across the globe.

Postpedia *PRISMA, NextJs, ExpressJS*

<https://post-pedia-v1.vercel.app>

A Haven for Text-Based Content, a multi-functional platform where authors and readers can have access to their own content.

Carefinder *Typescript, ReactJs*

<https://carefinder-jeweleni.vercel.app>

Access to healthcare in Nigeria can be very difficult and painstaking. Carefinder is a simple tool that aims to help any user find, export, and share hospitals within the region.

Screen Recorder *Javascript*

<https://hng-screen-recorder.vercel.app>

Built a Chrome Extension plugin that can record a user's screen and send the recorded content to a specific online location (endpoint).

OpenAI GPT-4 *ReactJs, ReduxToolkit*

<https://openai-summarizer-inky.vercel.app>

Article Summarizer Application using OpenAI's GPT model using RTK query requests that fire on condition.
